

FASTER INSTALLATION, FASTER SERVICE.

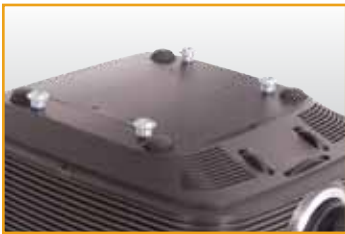

New RapidFire Projector Interface

Chief's newly designed RapidFire interface bracket seamlessly replaces the previous SLBU included with the RPA Elite series projector mounts. Easier installation, and innovative lamp and filter access after installation make the RPA Elite an even better choice for your next installation.

SLBU™

EASY 3-STEP INSTALL

STEP 1
Attach height-adjustable mounting buttons to projector

STEP 2
Latch legs onto mounting buttons

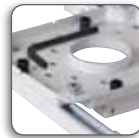

STEP 3
Attach interface to legs

FASTER INSTALLATION

New 3-step assembly saves time on every projector installation

FASTER SERVICE

Quick-disconnect at projector allows unlimited lamp and filter access

ON-SITE TOOL STORAGE

Includes secure storage tray for hex keys

SIMPLIFIED ALL-POINTS™ SECURITY
Secure projector with just one tamper-resistant screw size (qty. 4)

SEAMLESS UPGRADE

Replaces previous SLBU included with all RPA Elite series projector mounts

SEAMLESS INTEGRATION.

RPA Elite Featuring New RapidFire™ Universal Interface

Chief's innovative new RapidFire universal interface features an industry-first dual-disconnect interface for faster installation and easier lamp and filter access. RPA Elite projector mounts also include innovative features, such as MicroZone™ Adjustments, Q-Lock™ Integrated Security Locking Lever, and Centris™ Technology for fingertip adjustments.

FEATURES

RAPIDFIRE

Easy filter access. Dual disconnect system for fast installation and lamp/filter access.

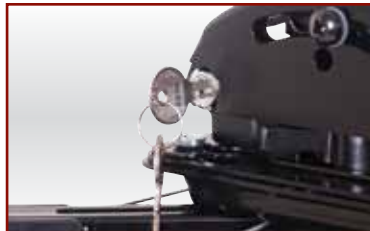

MICROZONE

Precise and fast projector registration, including flush-mount installations, with micro-adjustment for roll, pitch, and yaw.

CENTRIS TECHNOLOGY

Enables effortless fingertip positioning. Self adjusts to support different projector weights.

Q-LOCK

Provides quick connect/disconnect of the projector for service and enhanced security with an integrated key and lock system.
